## Pontiff Invokes God's Aid For Eisenhower Mission

### President Calls Audience With Pope Inspiring

By FRANK BRUTTO  
VATICAN CITY (AP) — In an historic, 27-minute audience Sunday, Pope John XXIII invoked God's blessing upon President Eisenhower as an untiring worker for peace.

The President left the audience visibly moved—inspired, he said, by the Pope's approval of efforts to find international friendship in freedom.

The two leaders talked in English in the Pope's private library.

Pope John said he rejoiced that the United States, under Eisenhower, is "striving so actively . . . toward the lofty ideals of a loyal and effective concord between nations."

"The Catholic Church, whose constant yearning is the establishment of true peace between peoples, cannot but greet with joy every sincere effort toward that end, and wish it the most consoling success," he continued.

Then addressing the President personally, he said: "We earnestly invoke the powerful assistance of God upon you in your noble efforts as the untiring servant of your people and of the cause of peace in the world."

Thanking the Pope, the President declared: "I assure you I will take your words to my country and make them known there."

Second Visit By U.S. Chief

Later, leaving Italy after a 47-hour visit, the President said he was inspired by the Pope's "approval of the effort that the free nations are making to bring some progress toward peace and friendship in freedom."

"The Star-Spangled Banner" echoed in the ancient courtyard of St. Damascus, heart of the 108-acre Vatican State, as the President came to see the Pope.

It was only the second time the anthem had sounded there and marked the second visit by an American president to the Vatican. President Woodrow Wilson visited Pope Benedict XV in 1919. That was an official visit. This time the U.S. President came as a private citizen, in an important interlude in his three-continent, 11-nation tour.

The President's car wheeled into St. Peter's Square, before the great Basilica of St. Peter, soon after his own Sunday morning worship at St. Paul's Episcopal church in Rome.

The day was bright and sunny, contrasting with the rain that marked Friday and Saturday in Italy.

### Approaches Barricaded

All approaches to the great cobblestone square had been closed to crowds after several hundred spectators had entered. The crowd included many children who have received American assistance through a pontifical aid organization. They carried banners saying "Thank you, thank you, President Eisenhower."

The presidential car passed alongside wooden barricades set up at the left of the square leading to the Arch of Bells.

At the arch, entrance to Vatican City, nine of the Vatican's Swiss Guards, in their red, yellow and blue uniforms, snapped to attention and saluted.

Eisenhower and his party were escorted to the second floor of the Vatican palace to the pontiff's library. Pope John stood in the doorway to greet him. The Pope wore white robes, the President a business suit.

With the pontiff was Domenico Cardinal Tardini, Vatican secretary of state. Eisenhower's party included his son, Maj. John Eisenhower and wife Barbara, and James C. Hagerty, White House press secretary.

The Pope, who has been studying English since his election little more than a year ago, apologized for his pronunciation. Eisenhower congratulated him and said that

### Three Killed In Maryland Auto Crash

LEONARDTOWN, Md. (AP) — Two young men and a boy were killed Sunday when a car pulling out of a driveway collided with another on a state highway near here.

State Police said the only survivor was the 16-year-old driver of the auto coming out of the driveway.

Pronounced dead at St. Marys Hospital were Gary Wible, 12, of Lexington Park, passenger in the injured boy's car; William J. Butler, 24, and James A. Thomas, 20, both Negroes of Hurry, Md.

Ronald J. Branan of Marlowe Heights, Md., was taken to St. Marys Hospital here with fractured legs, broken left arm and broken jaw. He later was transferred to Orthopedic Hospital in Arlington, Va.

State Police reported Branan was driving a 1957 model car that was coming out of a private driveway when it apparently pulled into the path of a 1959 auto driven by Butler. Thomas was in Butler's car.

Morrison had a 5-4 lead over Davis with 95 per cent of the state's precincts counted—261,468 to 194,995.

The showdown for governor comes Jan. 9, since neither Morrison nor Davis polled a majority of the total vote.

At the same time, Aycock and Mayor George Bowdon of Alexandria, the Morrison candidate, will seek the office the voters denied to Earl Long.

Rain, Snow Fall In Appalachians

By The Associated Press

A cold front shook rain and snow in the Appalachians and western Florida Sunday.

The Weather Bureau said several inches of new snowfall were in prospect for some of the eastern mountain slopes by Monday.

Rain changed to snow in the Pittsburgh district late Sunday and a possible accumulation of two to three inches was forecast. Snow also was predicted for Ohio and southeast lower Michigan.

They said Dr. Perelson, an allergy and heart specialist who has six other physicians working in his suburban Inglewood clinic, rose about 5 a.m.

He stepped over to his wife's twin bed and crushed her skull with one or two blows with a hammer.

Then he went through the bathroom to the bed of Judy and began striking her with the hammer.

Judy awoke with multiple cuts and bruises and despite a possible skull fracture began screaming.

The screams awoke 11-year-old Debbie, who was in a third bedroom on the second floor of the doctor's three-story home. Debbie ran into Judy's room and saw her father standing there with a bloody hammer.

"Go back to bed, baby—this is just a nightmare," he told her.

But Debbie ran to get her brother Joel, 13, in another bedroom.

### 4 Soldiers Die In Plane Crash

PARSONS, Tenn. (UPI) — The bodies of four young soldiers who lost their way on a flight back to camp in a light plane were found in a cotton field near here Sunday.

"They were flying in the opposite direction from the base," Sheriff Ola L. Duck said. "They were heading west when they meant to be going east."

The men, all stationed at Fort Campbell, Ky., were flying back to the Army camp from Kansas City, Mo. Their plane crashed in the cotton field Saturday night, but searchers did not find the wreckage until Sunday.

Duck said a search party "walked within 150 yards of the plane" Saturday night but did not see it. He said the weather was extremely bad, and the plane "may have iced up."

The victims were identified as Pvt. Roy A. Shirley, 18; Pvt. Gerald J. Bohart, Jr., 18; PFC. Roland E. Soder, 18, and PFC. Otis W. Taylor, 25, the pilot.

Taylor, a member of the Ft. Campbell flying club which rents planes to service personnel, was pinned in the wreckage. The three others were thrown about 50 yards from the crash site.

## Some Nations Urge Birth Senate Group Control, Others Forbid It To Open Drug Price Inquiry

By The Associated Press  
Birth control, suddenly a political issue in the United States, runs goods to support a big population, into opposite extremes in the official views of countries around the world.

The experts said the drive was halted for psychological reasons and the action does not mean anti-subcommittee.

Some strictly forbid it. Others birth control advice or contraceptives are not available today in investigating the cost of living, will encourage it.

So far there has been little for China.

Japan, another heavily populated Far East country, has long had a eugenics protection law that prohibits the sale of contraceptives and authorizes physicians to perform an explosive study of wholesale drug form abortions. In 1952, the law prices.

Red China, the world's most populous country, has been on both sides of the fence on a birth control policy. In 1957, China embarked on a vigorous, nationwide effort to promote birth control. Low-income Japanese get in for less than a penny in Argentina. This came with a population explosion and contraceptives cost a jittery American almost a mate of 650 million people and expectations that the present rate of increase will boost the total to 800 million by 1968.

Then in May 1958, Red China's intensive family planning campaign to popularize birth control was called off. The Chinese is designed to "end our suicidal birth rate of one child every two seconds."

The spokesman says India plans to spend 147 million dollars for surgical sterilization of volunteers, contraceptives and nationwide publicity to make birth control popular among the country's 400 million people.

One of the few criticisms of Eisenhower's stand comes from Singapore, which has one of the world's highest birth rates. The Australasia regional headquarters of the International Planned Parenthood Federation in Singapore issued a statement asking: "What is the use of giving foreign aid to countries if they are to go on increasing the population irresponsibly and having to ask for more aid?"

(Continued from Page 1) Congress might have to prescribe new legislation to insure that needy Americans who are ill get the advantages of recent medical discoveries.

The first phase of the hearing, scheduled to run for a week, will deal with the prices of the steroid hormones, such as cortisone.

This type of drug is widely used in the treatment of arthritis and rheumatism, troubles that are particularly prevalent among elderly people.

From the Vatican, President Eisenhower and his party sped to the Pontifical North American College, high on Rome's Janiculum Hill, where three helicopters waited to carry them to Ciampino Airfield—a 10-minute flight.

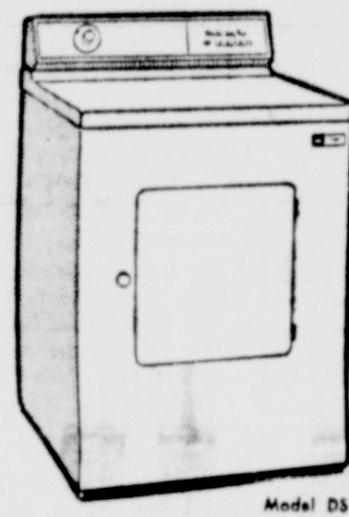

The helicopters stood on the college's football field. Beside the field student priests from nearly every state of the Union cheered the President.

The President's helicopter landed only a few feet from his waiting orange and silver airliner.

Italy's Premier Antonio Segni and Foreign Minister Giuseppe Pella bade farewell to the President there. Eisenhower had taken his leave of President Giovanni Gronchi just before going to the Vatican.

The theft from the house that has become the symbol of the birthplace of the American Flag for the 13 original states was discovered Sunday by one of the eight city employees at the shrine.

## Compromise Car Revenue Revision Plan Considered

BALTIMORE (AP) — A State Roads Commission official has confirmed that a compromise plan on redistribution of the Maryland motor vehicles revenues is in the works.

Carl L. Wannen, SRC comptroller, and Christian H. Kahl, Baltimore County executive officer, both indicated the revision will not be as drastic as the plan advanced earlier by Kahl.

However, Kahl said Saturday the latest plan is "a small step in the right direction." His earlier plan called for a 47 per cent cut in the amount received by Baltimore City.

Kahl said a later proposal, under which the state would add 10 million dollars more for local road systems, was also rejected.

The latest plan reportedly was being worked out by a special gu-

## Federal Aid To Education Views Clash

BALTIMORE (AP)—Two opposing views on federal aid to education were expressed at the winter meeting of the Maryland Council on Education during the weekend.

"Large sums of federal funds will be required if we are to maintain a quality education," said Dr. Glen Robinson, assistant director of research for the National Education Assn.

"It is not possible to establish a federal program for the public schools without establishing controls and supervisory regulations that we now take pride in having at the local level," said Gene Leach, assistant legislative director of the American Farm Fed- eration Assn.

Leach said Maryland would have to pay about 20½ million dollars in federal taxes in one year to receive about 19 million in federal aid.

Robinson said that to raise 20 million dollars, Maryland itself would have to double its corporate taxes.

"The problem," said Robinson, "is how to maintain local control and still provide quality education." He insisted this could be solved without ruling out federal aid.

## Nevada Is Nation's Fastest Growing State

WASHINGTON (AP)—Nevada is in the same period. Arkansas dropped by 159,000 to 1,751,000. Three other states also lost population. West Virginia was down 2 per cent, Vermont down 1.5 per cent and Mississippi down 1 per cent.

The bureau said Nevada's population increased by 70 per cent between the 1950 census and July 1, 1958. In numbers, the estimated gain was from 160,083 to 272,000. Arkansas, on the other hand, lost 8.3 per cent of its population.

### Would Bar Addicts

BALTIMORE (AP)—Legislation aimed at keeping known dope addicts off Maryland highways has been proposed by State Sen. Aaron A. Baer (D-Balto 5th).

Baer said Saturday he would introduce a bill in the General Assembly next February requiring all physicians to supply the names of patients they treat for narcotics addiction to the State Health Department.

This would permit the Department of Motor Vehicles to lift the drivers' licenses of all known addicts.

Arizona was third, showing a 57 per cent increase from 749,587 to 1,175,000.

The biggest increase in numbers was recorded by California. Its population increased by 3,698,000 to 14,284,000, or 34.9 per cent. California is creeping up on the nation.

Florida's estimated population in mid-1958 was 4,515,000 was 63 per cent above 16,313,000 in mid-1958, and pulling the 1950 figure of 2,771,305. This away from third-ranked Pennsylvania puts Florida right behind Nevada which had an estimated population of 11,190,000.

## Governor Says W.Va. Needs Nine Armories

### Moorefield Cited With Eight Others

MOUNDSVILLE, W. Va. (UPI)—Gov. Underwood Sunday reiterated there was a need for construction of nine new National Guard armories in the state to insure ideal militia facilities.

He listed the sites at Kingwood, Morgantown, Montgomery, Huntington, Elkins, Spencer, Moorefield, Charleston and St. Albans.

"If the Legislature, as I have proposed, would appropriate an additional annual rental sum of \$143,240, it would be possible to support a complete statewide armory program," Underwood said in remarks prepared for delivery at the dedication of a new \$256,091 armory at Moundsville.

"For this sum," Underwood declared, "millions of federal construction dollars would be poured into West Virginia."

Reviewing the armory construction program in the state, the governor said that within the past year, such facilities have been dedicated at Williamson, Richwood, Dunbar and now Moundsville. He added:

"Early next year, two more will be completed and dedicated at Parkersburg and Salem."

"By the end of this year, we will have under contract six more facilities, at Beckley, Gassaway, Clarksburg, Keyser, Logan and Weston."

"We are expanding two armories at Princeton and Ronceverte and we have a new property office for Buckhannon."

## Scout Council Holds Election

WESTERNPORT — The Tri-Valley District Scout Council met at the home of Joyce Wilson here, elected officers and made plans for a Mistletoe party to be held in the Italian Lodge Hall, December 25 at 8 p.m.

Elected to office in the council are Margaret Hitt, president; Chris Simpson, first vice president; Joyce Wilt, second vice president; John Shaw, third vice president; Donna Daviss, corresponding secretary and Susan Bantz, recording secretary.

Kenneth Kolkhorst of Keyser was elected treasurer; Janet Fortney, here, historian; and Getty Dailey, historian. A chaplain will be selected from the Petersburg troop.

## Hyndman Lions Plan Activities For Christmas

HYNDMAN, Pa. — Plans were finally laid by the Hyndman Lions Club for the lighting of the community Christmas tree and for the distribution of Christmas cheer baskets to the shut-in citizens of the area.

Christmas street lighting, which is an annual project of the club, was finally completed at the recent meeting. At this meeting, a toy collection was made for needy children by the club members.

A family Christmas party, an annual club affair for members and their families, will be held at the EUB Social Hall on December 17 at 6 p.m. A Christmas program is planned. Lions William Miller and Lloyd Keller are in charge of arrangements.

Rev. Richard W. Barley, pastor of St. Matthew's United Church of Christ, Bowling Green, near Cumberland, addressed the Hyndman Lions at the recent meeting in the EUB Social Hall. He spoke on the origins of Christmas.

## Mt. Savage Scouts Take Camping Trip

MT. SAVAGE — Local Scout Troop No. 50 has returned after spending an overnight camping trip at Camp Potomac, Oldtown. While at camp the boys played scouting games and the second class scouts did compass work and studied first aid.

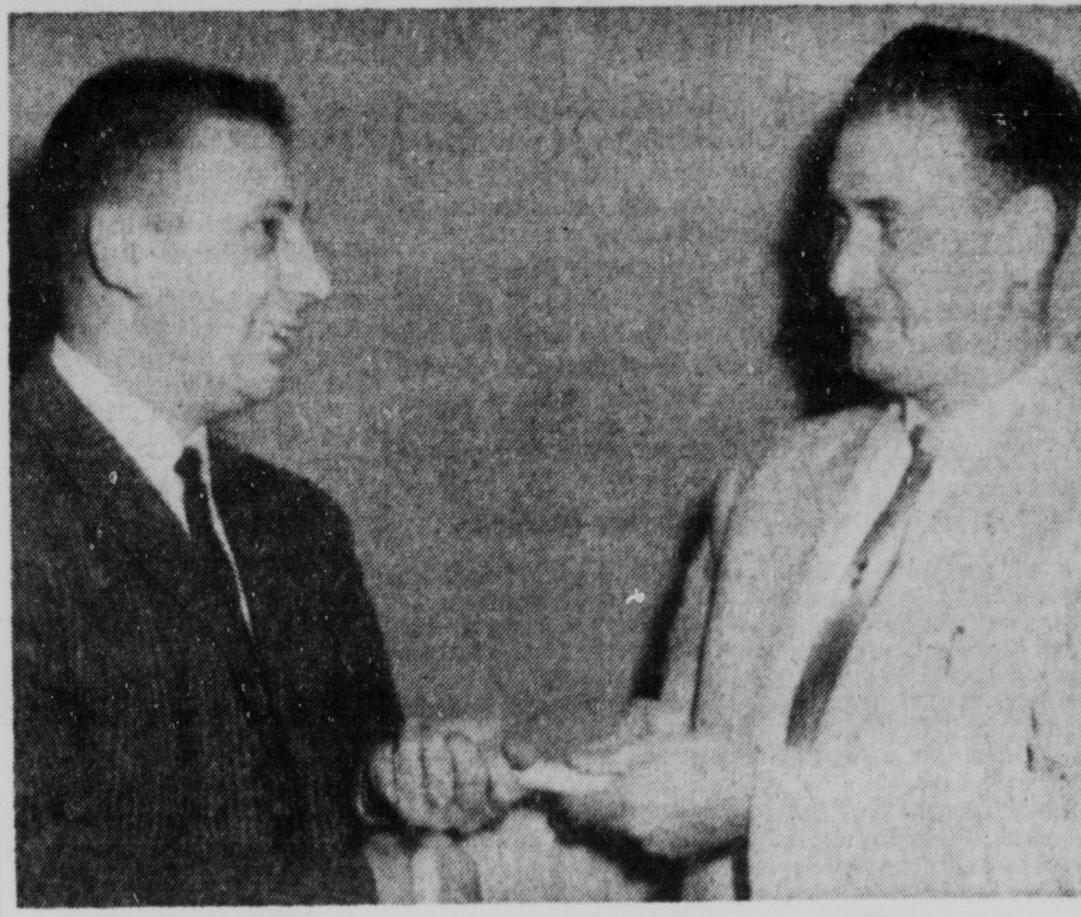

Boy Scouts who attended were Crawford Butler, Joe Neder, Billy Hickman, Larry Birmingham, Bobby Frankenberry, Bobby Skipper, Bobby Orndorff, Dale Keel, Ronald Spataro, George Shaffer, Darrell Blank, Raymond Blank, Dennis Blank, Stanley Hook, James Malloy and Bobby Cassidy. Competing were Lowell Sowers Jr., James Long, Ivan C. Diehl, and Frederick Bowden. Each spoke for five minutes on a Rotary topic.

Harry Warnick was program chairman. Dr. Leslie R. Miles Jr., president, announced that a board of directors meeting will be held at his home Tuesday evening.

Club assembly will be held immediately following the regular meeting to discuss club business.

Guests attending the Rotary dinner this week included Ivan C. Diehl, Howard Ward, Lowell Sowers Jr., Ed Ewald, of Frostburg Rotary Club; Donald Wilson, John Rodney and Ervin D. Lewis, guests of Mr. Ewald, district manager of Frostburg Potomac Edison Company.

## Plant Reports Expansion Plan At Meyersdale

MEYERSDALE, Pa. — If present plans materialize, in the near future there may be between 30 and 40 more persons working at the Pennsylvania Brassiere Company factory on the south side of town.

Announcement of the expansion is indicated by a request for applications for the local plant.

The plant manager revealed that the factory is accepting applications from area women for immediate employment. He said that between 30 and 40 are needed.

Needed at the moment are operators or trimmers, experienced or trainees, plant spokesmen said.

Approximately 90 employees are now on the payroll at the plant, which is in its third year of operation here. Under present plans, the number of employees may climb to as high as 130 if additional labor can be found in the area.

Those who are interested in employment have been asked to call personally at the plant.

Announcement that as many as 10 additional employees may be hired at the factory came as good news to the community. Before location of the Pennsylvania Brassiere Company in the building, as many as 150 persons worked in the factory located there before.

Over the years, it has been hoped that the work force in the new plant might be increased to the prior figure.

### Light Bearers Class Meets At Ellerslie

### Pittsburgh Men Facing Charges

PITTSBURGH (UPI) — Police said Sunday additional arrests were expected in connection with the alleged transportation of two teenage girls to Wheeling, W. Va. for immoral purposes.

Joseph Spano, 34, and Joseph Galluza, 23, both of Pittsburgh, were freed on bond Saturday.

They were charged with prostituting a female, pandering, transporting a female for prostitution and contributing to the delinquency of a minor.

Juvenile Detective Robert Hennerd arranged for the two girls to come to Wheeling. A preliminary hearing on the charges is expected to be held Monday.

LONACONING — Ronald Wilson had his right hand burned by a gasoline blaze on Monday night.

He was treated by a local physician.

Among participants are some 600 foreigners who are taking part in the U. S. Technical Cooperation Program.

## DEATHS AND FUNERAL NOTICES

### Frostburg Teacher Dies In Her Sleep

FROSTBURG — Miss Isadora Casey, fourth-grade teacher at Hill Street school here, was found dead in her apartment at 155 East Main Street yesterday at 5 p.m.

She was found after relatives became alarmed when she failed to keep a dinner engagement.

The medical examiner's office said she died in her sleep 10 to 12 hours before she was found.

Miss Casey was a native of Barton, a daughter of the late John L. and Mary Gallagher Casey.

Surviving are two sisters, Mrs. Edwin J. Winters, Midland, and Mrs. Rita Clark, Frostburg; a brother, Adris, Lutherville, and a number of nieces and nephews.

## Governor Says W. Va. Needs Nine Armories

### Moorefield Cited With Eight Others

MOUNDSVILLE, W. Va. (UPI)—Gov. Underwood Sunday reiterated there was a need for construction of nine new National Guard armories in the state to insure ideal militia facilities.

He listed the sites at Kingwood, Morgantown, Montgomery, Hinton, Elkins, Spencer, Moorefield, Charleston and St. Albans.

"If the Legislature, as I have proposed, would appropriate an additional annual rental sum of \$143,240, it would be possible to support a complete statewide armory program," Underwood said in remarks prepared for delivery at the dedication of a new \$256,091 armory at Moundsville.

"For this sum," Underwood declared, "millions of federal construction dollars would be poured into West Virginia."

Reviewing the armory construction program in the state, the governor said that within the past year, such facilities have been dedicated at Williamson, Richwood, Dunbar and now Moundsville. He added:

"Next year, two more will be completed and dedicated at Parkersburg and Salem."

"By the end of this year, we will have under contract six more facilities, at Beckley, Gassaway, Clarksburg, Keyser, Logan and Weston."

"We are expanding two armories at Princeton and Ronceverte and we have a new property office for Buckhannon."

## Scout Council Holds Election

WESTERNPORT — The Tri-Valley District Scout Council met at the home of Joyce Wilson here, elected officers and made plans for a Mistletoe party to be held in the Italian Lodge Hall, December 25 at 8 p.m.

Elected to office in the council are Margaret Hilt, president; Chris Samsom, first vice president; Joyce Wilt, second vice president; John Shaw, third vice president; Donna Davissom, corresponding secretary and Susan Bant, recording secretary.

Kenneth Kolkhorst of Keyser was elected treasurer; Janet Fortney, here, publicity; and Getty Dailey, historian. A chaplain will be selected from the Petersburg troop.

## Hyndman Lions Plan Activities For Christmas

HYNDMAN, Pa. — Plans were finally laid by the Hyndman Lions Club for the lighting of the community Christmas tree and for the distribution of Christmas cheer baskets to the shut-in citizens of the area.

Christmas street lighting, which is an annual project of the club, was finally completed at the recent meeting. At this meeting, a toy collection was made for needy children by the club members.

A family Christmas party, an annual club affair for members and their families, will be held at the EUB Social Hall on December 17 at 8 p.m. A Christmas program is planned. Lions William Miller and Lloyd Keller are in charge of arrangements.

Rev. Richard W. Barley, pastor of St. Matthew's United Church of Christ, Bowling Green, near Cumberland, addressed the Hyndman Lions at the recent meeting in the EUB Social Hall. He spoke on the origins of Christmas.

## Mt. Savage Scouts Take Camping Trip

MT. SAVAGE — Local Scout Troop No. 50 has returned after spending an overnight camping trip at Camp Potomac, Oldtown. While at camp the boys played scouting games and the second class scouts did compass work and studied first aid.

Boy Scouts who attended were from the Crawford Butler, Joe Neder, building, as many as 150 persons. Billy Hickman, Larry Birming, worked in the factory located ham, Bobby Frankenberg, Bob, there before.

Approximately 90 employees are now on the payroll at the plant, which is in its third year of operation here. Under present plans, the number of employees may climb to as high as 130 if additional labor can be found in the area.

Those who are interested in employment have been asked to call personally at the plant.

Announcement of the expansion is indicated by a request for applications for the local plant.

The plant manager revealed that the factory is accepting applications from area women for immediate employment. He said that between 30 and 40 are needed.

Needed at the moment are operators or trimmers, experienced or trainees, plant spokesmen said.

## Overseas Chinese: A Political Lever

The estimated 11 million overseas Chinese long have been regarded with suspicion by small nations of Southeast Asia. Now two more states — the Philippines and Indonesia — have taken steps to control activities of this minority group, which, it has been said, through "superior industry, perseverance, and business acumen," exercises influence beyond its numbers in the economic life of these relatively undeveloped countries.

The Philippine House of Representatives November 22 proposed suspension of diplomatic relations with Nationalist China until the Taiwan government accepts 31 "undesirable" Chinese in deportation proceedings. An investigation of all Chinese activities in the islands is planned. Indonesia, meanwhile, has banned trading by aliens in rural areas beginning January 1 — a step intended to break the Chinese merchant's domination of Indonesia's rural economy.

All anti-Chinese movements are of great interest to both the Formosan and Peiping regimes, for both seek to hold the loyalty of the overseas Chinese. The monthly remittances that almost all the Chinese abroad send to their relatives at home are said to be one of mainland China's richest source of foreign exchange.

Red China used Indonesia's latest action to warn the Jakarta government that anti-Chinese activities would harm "friendly relations" between the two nations. Indonesia in turn charged Communist China with seeking to sabotage her domestic economic policies.

Any easing of the animosities generated by the presence of Chinese nationals in Southeast Asian countries appears, in the opinion of one expert, to require their merger with the native peoples, and extension to them of equality of citizenship and security of land tenure. Continued strife is of benefit only to Communist factions seeking to use the Chinese minorities as an instrument to overthrow existing governments.

### Campaign Issues

A letter signed by William A. Reuben has come to me in which he describes his book, entitled "The Honorable Mr. Nixon." It appears that Reuben does not like Nixon and that he assumes that those who receive his letter also do not like Nixon. He says that the reason he wrote his book is "my own belief that the forces of wealth, power, privilege and reaction can be counted on to make a full-scale effort in the next year to insure Nixon's being the next occupant of the White House."

Then he says:

"What I have concentrated on is Nixon's earlier career, emphasizing the mud-slinging, Red-baiting, character-assassinating (sic) part of it that you hear virtually nothing about these days."

William A. Reuben is unknown to me and I have not bothered to look him up in the various Who's Whos and indices. His letter describes him sufficiently. For instance, at one point he says:

"I have also sought to demonstrate that it was Richard Nixon, and not the late Senator McCarthy, who introduced the idea behind the Republican Party's devastatingly successful slogan 'twenty years of treason.' And that, because of his key role in getting Alger Hiss convicted as a 'Communist spy' (his quotes), Nixon did more than anyone else in this country — not even excepting McCarthy — to obliterate all clear distinctions between such terms as unorthodox, non-conformist, liberal, progressive, radical, subversive, Communist, spy and traitor."

At this point, it is sufficient to recognize that those who believe that Alger Hiss was without guilt will not forgive Richard Nixon for discovering the "Pumpkin Papers" which clinched the investigation of Hiss's activities and landed him in prison for perjury.

If the Communists and Liberals intend to make the Hiss Case an issue in the 1960 Campaign, they will serve no cause advantageously. No Republican or Democratic candidate, now presenting himself to the American people, wants to be known as favoring Communism or supporting the position of Soviet Russia. Senator Hubert Humphrey and Vice President Nixon have had long interviews in Russia with Nikita Khrushchev and have made as much political capital out of that as is possible.

Nixon remained anti-Communist and Humphrey, although he is an A. D. A. Liberal, has been denounced by Khrushchev which does Humphrey no harm. The Alger Hiss Case is dead.

What may become an issue of violence in the forthcoming campaign, expressed itself in the reaction to the strictures of the Catholic Bishops regarding the use of American public funds to advocate birth control in other countries. This is so because of the prominence of Senator John Kennedy as a Presidential candidate and because so much has been written and said about the "population explosion."

Actually, it is very difficult to discover, as President Eisenhower has said, what business it is of the government of the United States to spend the money of American citizens to advocate or not to advocate birth control in any country other than the United States. Such campaigns are aimed at India and Red China where the "population explosion" is severe in some places. The Indian government has always resisted any outside interference with the inner life of the various peoples who compose the Indian nation; we have no relations with Red China and therefore cannot tell the Red Chinese what to do about that or anything else.

The entire discussion is complicated by the fact that abortion is forbidden in every state of the United States and the sale of contraceptives is a misdemeanor in many states. How can we advocate in another country what is forbidden in the United States or any part thereof?

Senator John Kennedy's comment was:

"... we have to be very careful about how we give advice on this subject. The United States government does not advocate any policy concerning birth control here in the United States. Nor have we ever advocated such a policy in Western Europe. Accordingly, I think it would be the greatest psychological mistake for us to appear to advocate the limitation of the black or brown or yellow peoples whose population is increasing no faster than in the United States. They must reach decisions on these matters based on their own experience and judgment."

It seems a reasonable view to take.

## That Missile Never Fails

## Ike's Trip And Nixon's Political Fortunes

By Joseph Alsop

dramatic Republican recovery. Its value has been registered by the inquiring Dr. Gallup, whose poll results show Vice President Richard M. Nixon rising from 39 per cent of the national vote in July to 53 per cent in November, with Sen. John F. Kennedy dropping from 61 per cent in July to 47 per cent in November.

The trip has been presented to the country as a ground tour in the cause of peace, which is to culminate, in Paris, in a grand effort to secure Western unity before the summit meeting with Nikita S. Khrushchev. It will of course be good public relations for this country, for the President to visit India and the other places he plans to visit. But good public relations will not serve the cause of peace.

For the long run, in fact, foreign visits that are merely aimed to generate "good will" serve hardly any purpose at all. The kind of good will that is generated in this manner is approximately as durable as dry ice. As to the trip's climax, every experienced diplomat agrees that if any real progress towards Western unity is made at Paris, it will be made by the hard, detailed negotiations of the Foreign Ministers.

Here, then, is this great, ceremonial, time-consuming, effort-demanding Presidential journey. Here is this world-wandering version of the President's triumphant European tour last summer. What durable results can be expected of it?

The answer is provided by looking back to the European tour. That one produced no durable results of much importance in Europe. Nothing was decided in any of the capitals the President visited. The President's glowing presence naturally evoked an answering glow of friendship, but this was forgotten pretty soon after the cheering crowds dispersed. The residue in Europe, was very small indeed. But the European tour produced results that still endure in the United States.

In fact the tour was one of the two main episodes—the other was the Khrushchev visit here—which created the so-called "peace issue," and led to last summer's

All of this early activity can hurt more than it can help these potential candidates in the view of some sage political observers. The American public has shown a remarkable ability to get bored over too much political activity too early in the game. This fact

is true.

Democrats have a full stable of horses for their race including a number of Senators, a sprinkling of governors, and one veteran of two previous races who isn't on the track but seems to be training secretly to make the dash in the last minute.

The race for the GOP presidential nomination appears at this stage to be strictly a two-horse affair — Vice President Richard M. Nixon vs. N. Y. Gov. Nelson A. Rockefeller. The way

these two keep running around the track it is not likely that any other challengers will enter the race. No third name is mentioned even as a dark horse in the event these two lock horns at the political convention.

According to a member of the Benson party, when he arrived in Belgrade, Yugoslavia, a local newspaperman looked at the rather old, shabby, but still serviceable plane and asked, "Is that the best they could do for you? When the Russians come here, they arrive in their latest jets, twice as big as that!"

Benson was not dismayed by the comment — in fact he rather liked it. He travels modestly and believes this helps to offset the ever-present criticism of capitalistic ostentation.

ality that captivated the public

imagination. Yet, in the short

time since, some of the sheen

has worn off.

ROBERT CLARK — When Secre-

tary of Agriculture Ezra Taft

Benson toured Russia and other

European countries recently, he

traveled in President Truman's

old piston-engine plane the Inde-

pendence, which now is serving as

an Air Force passenger plane.

Democrats have a full stable of

horses for their race including a

number of Senators, a

sprinkling of governors, and one

veteran of two previous races

who isn't on the track but seems

to be training secretly to make

the dash in the last minute.

With any luck at all, the new

tour will consolidate and improve

the effects of the emergence of

the "peace issue" last summer. If

this happens, moreover, there will

be two consequences of high politi-

cal importance. The Republican

Party will benefit in general, and

Vice President Nixon will benefit

in particular. The highly impres-

sive Nixon rise in the polls that

began last August abruptly upset

the "Nixon-can't-win" strategy of

the Vice President's only Republi-

can competitor, New York's Gov.

Nelson Rockefeller. Another politi-

cal harvest from this new Presi-

dential tour will assist Nixon even

more.

This does not mean that the Vice

President had any hand in the new

trip. He did not. It does not mean

either that the President is taking

this taxing trip with domestic politi-

cal purposes foremost in his

mind. He is a great believer in

good will, even as a commodity in

international trade.

Yet it does rather strain credul-

ity to suppose that the President

has altogether ignored the possi-

bility of domestic-political benefits of

his foreign-political effort. He very

much wants a successor who will

carry on where he has left off, which

means a Republican successor. There are clear signs, too,

that he is not unwilling to help the

Vice President become his suc-

cessor, while doing nothing positive,

of course, to block the rival can-

didacy of Gov. Rockefeller.

It will help the Vice President

materially, for instance, to appear in

the role of Acting President in

the next weeks. He will gain by

presiding at Cabinet and Security

Council meetings, as the President

has invited him to do. And if you

suspect that this kind of quiet but

useful help for Nixon is aimless and

unintentional, you only need to

look at the recently published list

of the "New Yorkers for Nixon."

## Overseas Chinese: A Political Lever

The estimated 11 million overseas Chinese long have been regarded with suspicion by small nations of Southeast Asia. Now two more states — the Philippines and Indonesia — have taken steps to control activities of this minority group, which, it has been said, through "superior industry, perseverance, and business acumen," exercises influence beyond its numbers in the economic life of these relatively undeveloped countries.

The Philippine House of Representatives November 22 proposed suspension of diplomatic relations with Nationalist China until the Taiwan government accepts 31 "undesirable" Chinese in deportation proceedings. An investigation of all Chinese activities in the islands is planned. Indonesia, meanwhile, has banned trading by aliens in rural areas beginning January 1 — a step intended to break the Chinese merchant's domination of Indonesia's rural economy.

All anti-Chinese movements are of great interest to both the Formosan and Peiping regimes, for both seek to hold the loyalty of the overseas Chinese. The monthly remittances that almost all the Chinese aboard send to their relatives at home are said to be one of mainland China's richest source of foreign exchange.

Red China used Indonesia's latest action to warn the Jakarta government that anti-Chinese activities would harm "friendly relations" between the two nations. Indonesia in turn charged Communist China with seeking to sabotage her domestic economic policies.

Any easing of the animosities generated by the presence of Chinese nationals in Southeast Asian countries appears, in the opinion of one expert, to require their merger with the native peoples, and extension to them of equality of citizenship and security of land tenure. Continued strife is of benefit only to Communist factions seeking to use the Chinese minorities as an instrument to overthrow existing governments.

### Campaign Issues

A letter signed by William A. Reuben has come to me in which he describes his book, entitled "The Honorable Mr. Nixon." It appears that Reuben does not like Nixon and that he assumes that those who receive his letter also do not like Nixon. He says that the reason he wrote his book is "my own belief that the forces of wealth, power, privilege and reaction can be counted on to make a full-scale effort in the next year to insure Nixon's being the next occupant of the White House."

Then he says:

"What I have concentrated on is Nixon's earlier career, emphasizing the mud-sludging, Red-baiting, character-assassinating (sic) part of it that you hear virtually nothing about these days."

William A. Reuben is unknown to me and I have not bothered to look him up in the various Who's Whos and indices. His letter describes him sufficiently. For instance, at one point he says:

"I have also sought to demonstrate that it was Richard Nixon, and not the late Senator McCarthy, who introduced the idea behind the Republican Party's devastatingly successful slogan 'Twenty years of treason.' And that, because of his key role in getting Alger Hiss convicted as a 'Communist spy' (his quotes), Nixon did more than anyone else in this country — not even excepting McCarthy — to obliterate all clear distinctions between such terms as unorthodox, non-conformist, liberal, progressive, radical, subversive, Communist, spy and traitor."

At this point, it is sufficient to recognize that those who believe that Alger Hiss was without guilt will not forgive Richard Nixon for discovering the "Pumpkin Papers" which clinched the investigation of Hiss's activities and landed him in prison for perjury.

If the Communists and Liberals intend to make the Hiss Case an issue in the 1960 Campaign, they will serve no cause advantageously. No Republican or Democratic candidate, now presenting himself to the American people, wants to be known as favoring Communism or supporting the position of Soviet Russia. Senator Hubert Humphrey and Vice President Nixon have had long interviews in Russia with Nikita Khrushchev and have made as much political capital out of that as is possible.

Nixon remained anti-Communist and Humphrey, although he is an A. D. A. Liberal, has been denounced by Khrushchev which does Humphrey no harm. The Alger Hiss Case is dead.

What may become an issue of violence in the forthcoming campaign, expressed itself in the reaction to the strictures of the Catholic Bishops regarding the use of American public funds to advocate birth control in other countries. This is so because of the prominence of Senator John Kennedy as a Presidential candidate and because so much has been written and said about the "population explosion."

Actually, it is very difficult to discover, as President Eisenhower has said, what business it is of the government of the United States to spend the money of American citizens to advocate or not to advocate birth control in any country other than the United States. Such campaigns are aimed at India and Red China where the "population explosion" is severe in some places. The Indian government has always represented any outside interference with the inner life of the various peoples who compose the Indian nation; we have no relations with Red China and therefore cannot tell the Red Chinese what to do about that or anything else.

The entire discussion is complicated by the fact that abortion is forbidden in every state of the United States and the sale of contraceptives is a misdemeanor in many states. How can we advocate in another country what is forbidden in the United States or any part thereof?

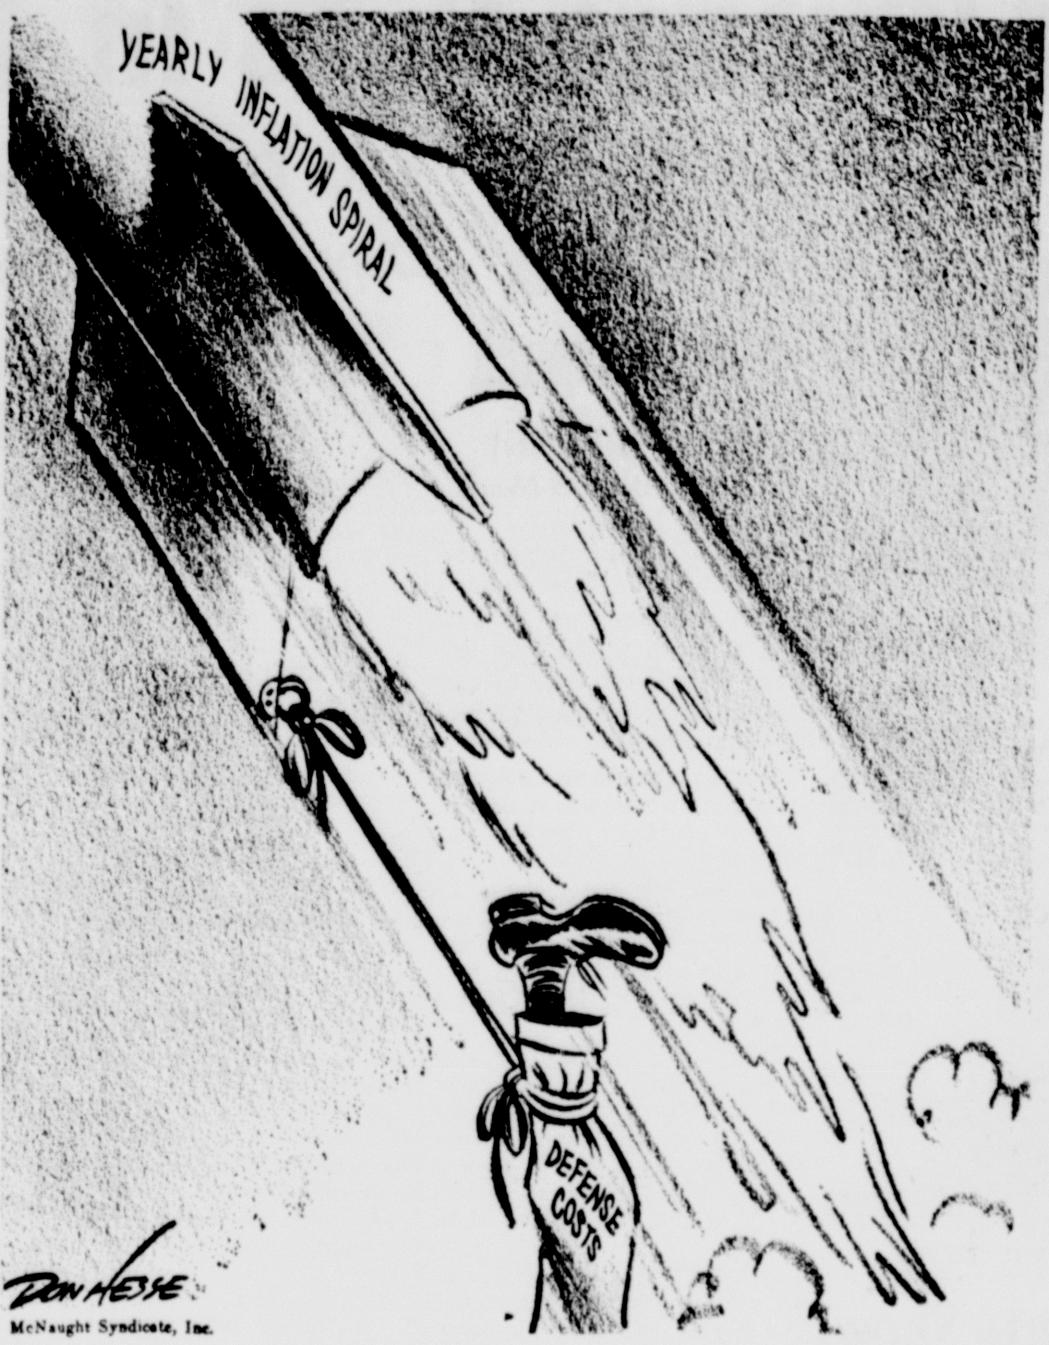

Senator John Kennedy's comment was:

"... we have to be very careful about how we give advice on this subject. The United States government does not advocate any policy concerning birth control here in the United States. Nor have we ever advocated such a policy in Western Europe. Accordingly, I think it would be the greatest psychological mistake for us to appear to advocate the limitation of the black or brown or yellow peoples whose population is increasing no faster than in the United States. They must reach decisions on these matters based on their own experience and judgment."

It seems a reasonable view to take.

## That Missile Never Fails

## Ike's Trip And Nixon's Political Fortunes

By Joseph Alsop

As is often the case nowadays, there is a wide difference between the public presentation of the President's foreign trip, and the practical, expert judgment of it.

The trip has been presented to the country as a ground tour in the cause of peace, which is to culminate in Paris, in a grand effort to secure Western unity before the summit meeting with Nikita S. Khrushchev. It will of course be good public relations for this country, for the President to visit India and the other places he plans to visit. But good public relations will not serve the cause of peace.

The long run, in fact, foreign visits that are merely aimed to generate "good will" serve hardly any purpose at all. The kind of good will that is generated in this manner is approximately as durable as dry ice. As to the trip's climax, every experienced diplomat agrees that if any real progress towards Western unity is made at Paris, it will be made by the hard, detailed negotiations of the Foreign Ministers.

Here, then, is this great, ceremonial, time-consuming, effort-demanding Presidential journey. Here is this world-wandering version of the President's triumphant European tour last summer. What durable results can be expected of it?

The answer is provided by looking back to the European tour. That one produced no durable results of much importance in Europe. Nothing was decided in any of the capitals the President visited. The President's glowing presence naturally evoked an answering glow of friendship, but this was forgotten pretty soon after the cheering crowds dispersed. The residue, in Europe, was very small indeed. But the European tour produced results that still endure in the United States.

In fact the tour was one of the two main episodes—the other was the Khrushchev visit here—which created the so-called "peace issue," and led to last summer's

Democrats have a full stable of horses for their race including a number of Senators, a sprinkling of governors, and one veteran of two previous races who isn't on the track but seems to be training secretly to make the dash in the last minute.

All of this early activity can hurt more than it can help these potential candidates in the view of some sage political observers.

The American public has shown a remarkable ability to get bored over too much political activity too early in the game.

According to a member of the Benson party, when he arrived in Belgrade, Yugoslavia, a local newspaperman looked at the three of the President's closest cronies, W. Alton Jones of the City Service Oil Co., Barry T. Leithhead of Cluett, Peabody & Co., and William E. Robinson of the Coca Cola Co. These members of the Augusta Golf Club set to exactly what the President wants in politics.

# Frank Thomas Goes To Chicago Cubs In 4-Player Deal

## Reds Obtain Walls, Henry And Jackson

Minoso, Phillips Figure In Chisox, Tribe 7-Man Swap

MIAMI BEACH, Fla. (UPI)—The Cincinnati Reds and Chicago Cubs completed a four-player deal involving Frank Thomas Sunday night moments after the Chicago White Sox and Cleveland Indians made a seven-man trade built around veteran Minnie Minoso.

To get Thomas, the Cubs gave up outfielders Lee Walls and Lou Jackson plus left-handed relief pitcher Bill Henry.

In the White Sox-Indians trade, the White Sox obtained catcher Dick Brown and pitchers Don Ferrarese and Jake Striker along with Minoso for infielder-outfielder Bubba Phillips, catcher John Romano and outfielder-first baseman Norm Cash.

Trades Total Nine

The deals, announced almost simultaneously brought to nine the number of trades which have been made since Nov. 21.

General Manager Gabe Paul of Cincinnati, who obtained Thomas from Pittsburgh in a seven man deal a year ago, said he made the current one with the Cubs "because we were desperate for relief pitching."

"We think we have a first-class reliever now in Henry and the addition of Walls will probably mean that Frank Robinson will be brought in from the outfield to play first base. Walls will have a chance to win a regular spot in our outfield."

Thomas Disappointed

Thomas went to the Reds last winter along with John Powers, Whammy Douglas and Jim Pendleton in exchange for Don Hoak, Smoky Burgess and Harvey Hadix. He proved a distinct disappointment to Cincinnati where he hit only .225 this year while batting in only 47 runs and hitting 12 homers.

Henry, a southpaw, posted a 9-8 record for the Cubs while Walls hit .257. Jackson spent the 1959 season with Lancaster where he led the Eastern League with a .338 average.

The 36-year-old Minoso was the key man in the deal, returning to the White Sox for whom he played from 1951 through 1957. He was the sixth leading hitter in the American League last season, batting .300 in 148 games while driving in 92 runs and totaling 21 home runs.

Started With Orioles

Ferrarese began his big league career with the Baltimore Orioles in 1955 and went to the Indians in a five-player deal on April 1, 1958, that included outfielder Larry Doby, Bud Daley, Dick Williams and Gene Woodling. He had a 5-3 won-lost record in 1959 with a .320 earned run average.

Striker had a 13-10 record with the White Sox last season, batting .264 with the White Sox last season, with five homers and 40 runs batted in. Romano, who played in only 50 games for the White Sox in 1959, hit five homers while compiling a .301 batting average.

Cash, promoted to the White Sox in 1959 after a fine minor league career, batted .240 in a utility role. He also had four homers and 14 runs batted in.

## Brown Kicked In The Head

Jim Went Wrong Way On Plays

NEW YORK (UPI)—That's the first time we've been chased off the field—by fans."

That's the way Coach Paul Brown sized up the wild ending of Sunday's game in which the New York Giants handed his Cleveland Browns their second-worst defeat.

The Browns left the field with 1:53 remaining when fans poured out of the Yankee Stadium grandstand. But Brown denied he ever thought of asking the officials to forfeit the game to his team.

"I never gave that a thought," Brown said. "But when guys began hitting and pulling at me, I left the field to protect myself."

"I went to the dugout to keep from getting beat up and my kids followed me."

"But asking for a forfeit never entered my mind. We didn't belong on the same field with the Giants today."

Brown said that Jim Brown, his star fullback, was injured on the first play and didn't know where he was after that. It was the first time the 230-pound star was injured.

"Jim got kicked on the head on the first play," the Cleveland coach said. "After that he didn't know what he was doing. He was going the wrong way on plays and we couldn't bring him around."

## Major League Club Owners Will Improve Ball Parks

Players To Receive More Meal Money

By JACK HAND  
Associated Press Sports Writer

MIAMI BEACH, Fla. (AP)—The baseball club owners and player representatives held one of their most amicable meetings Sunday. The clubs agreed to improve ball park conditions, to reduce scheduling problems to a minimum and hike the meal money allotment.

The player-management meeting, served to open the winter meetings of the major leagues.

The Explorers lost Mike Macker, Jack Bahan and Jim Terrell through graduation but retained Carroll Scaletta, Mike Long and Carroll Wilt, who were regulars ever, the joint meeting may be with last season's quint which moved up a day. The Continental League also has scheduled a Tues-

day, Blake, Tommy Simpson, Mike Finkle and Jack Hudson are among the others battling it out for starting berths.

George Geatz will be head coach at LaSalle for the sixth season. His teams have won 77 and lost 39.

LaSalle plays at Ridgeley Wednesday and makes its home debut against Berlin, Pa., Friday night.

Frostburg State Teachers College (O-3) is scheduled to play Shippensburg, Pa., State Teachers tonight in Shippensburg, Pa.

Shepherd College is slated to play Wheeling College in a West Virginia Intercollegiate Conference game tonight in Wheeling.

Mathias High School invades Harman, W.Va., tonight to play Harman High School.

Most interest centers around the report, expected Monday, from the American League's committee on expansion, officially known as the fact-finding committee. Although Commissioner Ford Frick urged both leagues to take a definite stand on expansion plans at this meeting, the American is expected to recommend it "explore further" the possibility of expansion. The National, reportedly, still is not interested in expansion.

In the National, the players asked clubhouse improvements in Philadelphia and Chicago and a covered bullpen in St. Louis. In the American the players asked better conditions in the Chicago clubhouse and better lighting, and more room between the bullpen and the patrons in Washington.

In all parks the owners were asked to standardize the bullpen pitching mounds to conform with the regular mounds.

Night games on getaway dates (last date of a series) were reduced to a minimum. Only four remained in the National.

The clubs agreed to boost the daily meal money on the road to \$10. The old scale ran from \$7 to

# Frank Thomas Goes To Chicago Cubs In 4-Player Deal

## Reds Obtain Walls, Henry And Jackson

Minoso, Phillips Figure In Chisox, Tribe 7-Man Swap

MIAMI BEACH, Fla. (UPI)—The Cincinnati Reds and Chicago Cubs completed a four-player deal involving Frank Thomas Sunday night moments after the Chicago White Sox and Cleveland Indians made a seven-man trade built around veteran Minnie Minoso.

To get Thomas, the Cubs gave up outfielders Lee Walls and Lou Jackson plus left-handed relief pitcher Bill Henry.

In the White Sox-Indians' trade, the White Sox obtained catcher Dick Brown and pitchers Don Ferrarese and Jake Striker along with Minoso for infielder-outfielder Bubba Phillips, catcher John Romano and outfielder-first baseman Norm Cash.

### Trades Total Nine

The deals, announced almost simultaneously brought to nine the number of trades which have been made since Nov. 21.

General Manager Gabe Paul of Cincinnati, who obtained Thomas from Pittsburgh in a seven man deal a year ago, said he made the current one with the Cubs "because we were desperate for relief pitching."

"We think we have a first-class reliever now in Henry and the addition of Walls will probably mean that Frank Robinson will be brought in from the outfield to play first base. Walls will have a chance to win a regular spot in our outfield."

### Thomas Disappointed

Thomas went to the Reds last winter along with John Powers, Whammy Douglas and Jim Pendleton in exchange for Don Hoak, Smoky Burgess and Harvey Hadix. He proved a distinct disappointment to Cincinnati where he hit only .225 this year while batting in only 47 runs and hitting 12 homers.

Henry, a southpaw, posted a 9-8 record for the Cubs while Walls hit .257. Jackson spent the 1959 season with Lancaster where he led the Eastern League with a .338 average.

The 36-year-old Minoso was the key man in the deal, returning to the White Sox for whom he played from 1951 through 1957. He was the sixth leading hitter in the American League last season, batting .302 in 148 games while driving in 92 runs and totaling 21 home runs.

Started With Orioles

Ferrarese began his big league career with the Baltimore Orioles in 1955 and went to the Indians in a five-player deal on April 1, 1958, that included outfielder Larry Doby, Bud Daley, Dick Williams and Gene Woodling. He had a 5-3 won-lost record in 1959 with a 3.20 earned run average.

Striker had a 13-10 record with San Diego of the Pacific Coast League in 1959, while Webster used mostly in a utility role, batted .303 in 40 games.

Phillips, plagued by injuries throughout most of his five-year major league career, batted .264 with the White Sox last season, with five homers and 40 runs batted in Romano, who played in only 50 games for the White Sox in 1959, hit five homers while compiling a .301 batting average.

Cash, promoted to the White Sox in 1959 after a fine minor league career, batted .240 in a utility role. He also had four homers and 14 runs batted in.

## Brown Kicked In The Head

Jim Went Wrong Way On Plays

NEW YORK (UPI)—"That's the first time we've been chased off the field—by fans."

That's the way Coach Paul Brown sized up the wild ending of Sunday's game in which the New York Giants handed his Cleveland Browns their second-worst defeat.

The Browns left the field with 1:33 remaining when fans poured out of the Yankee Stadium grandstand. But Brown denied he ever thought of asking the officials to forfeit the game to his team.

"I never gave that a thought," Brown said. "But when guys begin hitting and pulling at me, I left the field to protect myself."

"I went to the dugout to keep from getting beat up and my kids followed me."

"But asking for a forfeit never entered my mind. We didn't belong on the same field with the Giants today."

Brown said that Jim Brown, his star fullback, was injured on the first play and didn't know where he was after that. It was the first time the 230-pound star ever was injured.

"Jim got kicked on the head on the first play," the Cleveland coach said. "After that he didn't know what he was doing. He was going the wrong way on plays and we couldn't bring him around."

## Major League Club Owners Will Improve Ball Parks

### Players To Receive More Meal Money

By JACK HAND  
Associated Press Sports Writer

MIAMI BEACH, Fla. (AP)—The baseball club owners and player representatives held one of their most amicable meetings Sunday. The clubs agreed to improve ball park conditions, to reduce scheduling problems to a minimum and hiked the meal money allotment.

The player-management meeting, served to open the winter meetings of the major leagues.

The Explorers lost Mike Mackert, Jack Bahan and Jim Terrien through graduation but retained and Tuesday with a joint meeting Mickey Scaletta, Mike Long and scheduled for Wednesday. How, Carroll Wilt, who were regulars ever, the joint meeting may be with last season's quint which moved up a day. The Continental won 14 games and lost 11. Gary League also has scheduled a Tues. Blake, Tommy Simpson, Mike day meeting.

Firle and Jack Hudson are most interest centers around the among the others battling it out report, expected Monday, from the American League's committee

on expansion, officially known as coach at LaSalle for the sixth the fact-finding committee. At season. His teams have won 77 though Commissioner Ford Frick urged both leagues to take a definite stand on expansion plans at this meeting, the American is expected to recommend it "explore further" the possibility of expansion.

The Orangemen convinced any spectators Saturday with their 36-8 victory over a better-than-fair UCLA team.

They did it with a machine that oldtimers called one of the best to appear in this football-minded community in many years.

Syracuse took care of UCLA with relative ease. This is not being unfair to a Bruin eleven which held the Orange on even terms through much of the second and all of the third periods of the game.

But the suspicion exists that the visitors, with a 21-0 lead and then a 21-8 margin going into the half, were prompted to loaf a bit during these minutes.

And when UCLA got a little too presumptuous, they turned on the juice in the fourth quarter for two touchdowns and 15 points.

The most whimsical phase of the clash came in the dressing room after the game.

Syracuse Coach Ben Schwartzwalder was highly critical of his own defense.

The defense? UCLA wound up with a minus 13 yards rushing.

LaSalle plays at Ridgeley Wednesday and makes its home debut against Berlin, Pa., Friday night.

Frostburg State Teachers College (0-3) is scheduled to play still is not interested in expansion.

In the National, the players asked Shepherd College is slated to asked clubhouse improvements in Philadelphia and Chicago and a Virginia Intercollegiate Conference game tonight in Wheeling.

Mathias High School invades better conditions in the Chicago clubhouse and better lighting, and more room between the bullpen and the patrons in Washington.

In all parks the owners were asked to standardize the bullpen pitching mounds to conform with the regular mounds.

Night games on getaway dates (last date of a series) were reduced to a minimum. Only four

What's in store for you during time now for hair and facial treatments, for permanents, for the tinkling noise of jingle bells? checking wardrobes, for personal belles . . . again!

If any major house renovations part of the glorious excitement, completed, let them wait until the unexpected always promises enough of itself. For the housekeeping routines can be tension you can anticipate (after postponed for a month, in years of exhausting experience), change for the extra rest you'll try your best to provide the need. The world doesn't end in months of proportion, to use the December, just the year. This common sense that is basic to type of tinsel isn't nearly so important to family and friends as charm.

Take stock now and list what's ahead. Plan to handle just one task at a time, measuring its time of appearance and its importance. You may find that much of your mounting tension concerns mere tinsel—things that will be as comfortable and gay aren't important at all. Cut as you. Love overlooks much, THEM of the list immediately!

## Ann Landers . . .

## Answers Your Problems

DEAR READERS: Well, I at closing time and check my cash drawer.

FROM SEATTLE, WASH.: I hope Chicago Pop's eyes pop when he reads this. My dad is a barber. His right elbow is stiffening from holding it in the air several hours a day. His legs and feet are in terrible condition from standing all day. Irregular (or non-existent) lunch hours have given him stomach trouble. He takes shots for his nerves once a week because haircutting is a tedious job. He averages \$2.80 an hour. Is it worth it?

Does almost everyone have a good time but you? If so, send for ANN LANDERS' booklet, "How To Be Well-Liked," enclosing with your request 20c in coin and a large, self-addressed, stamped envelope.

DEAR ANN: I'm a Chicago barber who wishes he had Chicago Pop in his chair for five minutes. I'd give him a haircut he'd never recover from. If a barber clears \$100 a week, he's lucky. Rent and overhead is high, assistants and supplies are expensive.

The barber gets no paid vacation, no pension, no bonus or group insurance. If haircuts are cost of the cost of living they'd be \$5, not \$2!

FROM CLEVELAND: My barber-son works 10 hours a day. When he's through with a bunch of squirming, screaming kids, he's too tired to eat supper. A barber works harder than a ditch-digger.

FROM NIAGARA FALLS: When haircuts were 60c the average worker was making 30c an hour. Ask Pop if he'd be willing today, to pay two hours' wages for a haircut.

FROM SALEM, OREGON: Dear Ann Landers: Have you ever heard of a wealthy barber?

—FREDDIE.

DEAR FREDDIE: Yes. Perry Come.

FROM TROY, OHIO: I have three small crew-cut sons. A well-meaning friend gave me one of those home haircut kits. I followed the "simple instructions" and I'd like you to know that my kids looked like three miles of bad road. We bought them stocking caps and everyone thought they had ringworm of the scalp. My advice to those outraged fathers is "Pay the \$2!"

FROM LINCOLN, NEBR.: I've been a barber for 36 years. My father was a barber before me. I have two young sons. My wife won't let the kids play with scissors to cut out pictures from magazines. That's what WE think of the business. It's one of the toughest ways in the world to make a living. I've worked dally, directions chair back or dally, 12½x13, armrest 6x12½, center-piece 13x24½ inches.

FROM SAN FRANCISCO: Barbers sit for hours with no customers. When the shops and stores close at 5:30, everyone comes in at once. No one pays the barber for his hours of idleness. Anyone who thinks a barber puts \$2 in the cash register every nine minutes all day long can come down rich is plain crazy.

FROM LEXINGTON, KENTUCKY: Tell Chicago Pop that barbers are Pops, too. Our kids wear our shoes, eat meat, drink milk, need dental and medical care. Where has this jerk been for the last 15 years anyway? Is he still wearing high-button shoes?

## Says Health Good

WASHINGTON (UPI) — Sen. Alexander Wiley (R-Wis.) said Sunday he was not worried that President Eisenhower's strenuous trip overseas might endanger his health... just the contrary. "I saw him the other day at breakfast and he was just as chipper as he could be," Wiley said. "You know, getting away from conditions in this country may be a real health tonic."

## Goren On Bridge

## ANSWERS TO BRIDGE QUIZ

Q. 1—As South you hold:

♦A 9 ♦K 8 4 ♦K 10 8 7 3 ♦Q J 6

The bidding has proceeded:

South West North East  
Pass Pass 1 1 1 1

Pass Pass 1 1 1 1

What do you bid now?

A—Three hearts. No temporary bid is available to you since a two diamond is in view of your previous pass, and it would not be forcing. This is a powerful hand and we would not look askance at a raise to four hearts.

Q. 2—You are South, vulnerable, and you hold:

♦AQ J 9 8 7 4 ♦K 4 ♦K 10 6 4 ♦K 6

The bidding has proceeded:

South West North East  
West North East South  
1 ♠ 2 ♦ 4 ♦ 4 ♠

Pass 5 ♣ 5 ♦ 2 ♦

What do you bid now?

A—Six diamonds. This is admittedly a stab, but unfortunately there is no sure way of ascertaining whether partner possesses the right cards. There is the further prospect that the vulnerability status may induce the opponents to take on a sacrifice. A save at six hearts which will at least add 260 additional points to your exchequer.

Q. 3—As South you hold:

♦A 6 5 ♠ 10 5 3 ♦Q J 8 ♦K Q 8 7 2

The bidding has proceeded:

South West North East  
West North East South  
1 ♠ 2 ♦ 3 ♦ 1 ♠

Pass Double Pass 2 ♠

What do you bid now?

A—Four hearts. This is an awkward situation and the prospect of raising partner at the four level on three clubs is not too appealing. One bid, however, is four clubs, which is likely to be passed, since it is the nature of a forced response and we would hesitate to advise a leap to five clubs.

Q. 4—As South you hold:

♦K 9 4 ♦8 3 ♦10 9 6 5 3 ♦A 8 7 4

The bidding has proceeded:

South West North East  
North East South West  
2 ♠ Pass 2 NT Pass ?

What do you bid now?

A—Four spades. Your initial response had your hand so poor that it would hardly expect much more than this. A return to three spades will bring a quick contract and, since your hand presents potential ruffing values in the heart suit, misfit prospects should not be lightly dismissed.

## In Memoriam

In memory of Louise L. Sidaway, who departed this life 17 years ago, December 7, 1942.

At home in the beautiful hills of God.

By the valley of rest so fair.

Sometime sometime when my work is done,

With joy I will meet you there.

In the book of life there are pages,

Filled with memories fond and true

And those most dear throughout the years.

Are the memories dear of you.

Her loving daughter, Geraldine

## In Memoriam

In memory of Louise L. Sidaway, who  
departed this life 17 years ago, Decem-  
ber 7, 1942.

At home in the beautiful hills of God,  
in the valley of rest so long.

Sometime, sometime when my work is  
done,

With joy I will meet you there.

In the book of life there are pages,  
filled with memories fond and true.

And those most dear throughout the  
years.

Are the memories dear of you.

Her loving daughter, Geraldine

## Heavy Snow Follows Rain In Garrett Co.

### Roads Dangerous As Fog Sets In

A wet blanket of snow, accompanied by dense fog in the mountains both east and west of Cumberland, covered much of the tri-state area yesterday, making travel conditions extremely hazardous and bringing out State Roads Commission crews to salt and cinder the highways.

The heavy snow came in the wake of an all-day rain which dumped over a quarter of an inch of water in the Cumberland valley, and covered most of Garrett County and parts of West Virginia.

Few Cumberland residents ventured forth in the bleak and dismal weather as temperatures hovered in the high 30s and a steady drizzle dampened Sunday spirits as well as the ground.

**Roads Wet, Snowy**  
The high yesterday was 41 degrees following an early morning low of 33. Last evening the mercury registered 39 degrees and was dropping slowly shortly after dark. Rainfall measured .28 of an inch at 6 p.m. in Cumberland.

State Police said highways were very wet and covered with snow west of Frostburg. Nearly one-half inch of snow covered the ground by late afternoon in the westernmost portion of Allegany County.

A dense fog rolled in behind nearly two inches of snow in Oakland and Grantsville in Garrett County. The rain turned to snow in the Grantsville area about 2:30 p.m.

State Roads Commission officials reported one truck and a crew from Frostburg and five trucks and crews from Oakland were at work cinders and salting the slick roadways at nightfall. Slushy conditions made roads treacherous and police urged caution by motorists.

The fog also was reported extremely bad east of Cumberland where highways were wet from the all-day rainfall.

**W.Va. Wet, Foggy**

West Virginia State Police said there was heavy rain and some fog in the Romney area. Mountainous terrain was covered with a light snow and road conditions were reported getting worse. Temperatures there were in the high 30s.

Pennsylvania police said there was no snow although it rained throughout the day. Wet highways and scattered patches of mud made driving conditions bad. Temperatures in the Bedford area hovered around 40 degrees most of the day.

Forecast for today is cloudy, windy and colder with some snow flurries and rain. High will be in the 40s.

## Gibson Studies Finances Of Street Plan

City Auditor Arthur B. Gibson is considering the financial aspects of the proposed five-year street construction and modernization program.

He is slated to meet with the Mayor and Council after today's Council session to discuss how the work might be financed.

City Engineer C. R. Nuzum informed Mr. Gibson Friday that the city's share of the program is estimated at \$891,561.

This is the amount which would be borne by all property owners of the city and represents 25 per cent of the total cost for construction and reconstruction, including storm sewers, when needed.

The rest of the costs would be borne by abutting property owners, who will be asked to pay 75 per cent of total costs.

The program, which city officials would like to get started next spring, provides for about eight miles of new street construction and the blacktopping of about 11 miles of streets which have been in service for several decades.

Total cost of the work would be about \$4,000,000.

## Veterans Reminded To Pay GI Insurance Promptly

While the Veterans Administration makes every effort to assist veterans in paying their insurance premiums on time, responsibility for paying premiums rests with the GI policyholders. Samuel J. Weston, local VA representative, noted yesterday.

Veterans who pay their premiums monthly, Mr. Weston said, receive annually a packet of premium notices and return envelope.

These are the only notices sent out to policyholders by the VA, the local representative explained, and it is therefore the veteran's personal responsibility to remember to mail premiums.

Mr. Weston said many veterans mark their calendars so they are reminded when insurance payments fall due. Others file the notices in their check books, or with their monthly bills, and thus remember to make premium payments.

Approximately 99,000 Maryland area veterans hold GI insurance. This insurance has a total face value of \$600 million, Mr. Weston reported, and represents an important factor in the security and protection of veterans and their families.

## Will Provide Christmas Music

This is one of two Salvation Army instrumental quartets which will play in residential sections of Cumberland and LaVale this week. The touring quartets will play tonight from 6 until 9 o'clock. One will be on the West Side and the other in LaVale tonight. While Christmas carols are being played, other Salvation Army workers will distribute copies of the Christmas issue of the "War Cry" to homes in the area. Pictured above as the

magazine distributor is Mrs. Fred Overton, wife of the commanding officer here. Others pictured, left to right, are George Price Jr., Captain Overton, William L. Logsdon and George Price Sr. The two teams plan to distribute about 2,500 copies of the publication in four nights this week. Meanwhile, Captain Overton reported that about \$570 has been collected at the kettles since November 28.

## City Will Get Underground Cable Reports

Local utilities are preparing reports, to be presented to the City of Cumberland, on the possibility of putting utility lines underground.

The subject was discussed briefly as the Mayor and Council held an informal meeting Thursday night.

City Engineer C. R. Nuzum said he wrote to the Potomac Edison Company, C. & P. Telephone Company and the Potomac Valley Television Company for information on the subject.

Two of the firms, he said, have indicated verbally that they will make a study and report to the city.

Some interest has been expressed by city officials in a proposal to place utility lines underground, particularly downtown and on new streets to be built during the proposed five-year street construction and repair program.

It was brought out that the underground cable plan could put an additional burden on property owners, as one utility reported unofficially that under such a plan it puts lines to the curb, where lines become the responsibility of the owner.

Mayor J. Edwin Keech suggested that the city forget the underground plan and "get the streets fixed."

## Ag Station Receives Research Grant

COLLEGE PARK, Md. (AP)—The University of Maryland's agriculture experiment station has received a gift of \$100,000 to conduct basic research relating to beef cattle.

The university said Sunday the money will be used to establish the Wye Plantation Research Grants.

Under terms of the grant made by Wye Plantation near Queenstown, the university will receive \$20,000 during each of the next five years. Wye Plantation has won recognition for its breeding and performance testing of Scotch Aberdeen Angus beef sires.

## Fire Company To Nominate

A nomination of officers will be held Wednesday at 7:30 p.m. by the Bowling Green Volunteer Fire Department during a regular meeting at the fire hall.

Edward Ruppenkamp, president, said the annual election of officers will be held at 7:30 p.m. Wednesday, December 16 at the fire hall. Additional nominations will be made at that time, he said.

## State Christmas Tree Hauling Law Stiffened

Maryland's law governing the transportation of Christmas trees and evergreen shrubs has been tightened as a result of the efforts of Senator Bernard I. Gonder of Garrett County in the last session of the General Assembly in Annapolis.

Senate Bill No. 342, introduced by the Garrett County Democrat, adds four new sections to Article 66C, Annotated Code of Maryland. It was passed by the General Assembly, approved on April 28 by Governor J. Millard Tawes and became effective June 1.

Section 375A provides that any trucker, not engaged in interstate commerce, who drives on a public highway for the purpose of transporting five or more trees, 100 pounds or more of boughs, of any species of pine, spruce, fir, hemlock or other evergreen tree or shrub, shall have a bill of sale for the trees or shrubs upon his person.

This bill of sale shall state the date of sale, the number and species of trees or pounds and species of boughs being transported, the number of the election district and other pertinent data. This section does not apply to the transportation of trees, shrubs or boughs by the owner or custodian of lands from which the trees, shrubs or boughs were cut.

Another section makes it lawful for any forest officer, when dressed in uniform, or any peace officer or state policeman of Maryland to stop any truck transporting evergreens but not engaged in interstate commerce. These law enforcement officers may require the driver to produce the bill of sale or identification of ownership required.

A violation of these new sections shall constitute a misdemeanor and any person convicted thereof before a trial magistrate shall be fined not less than \$10 nor more than \$500 or imprisoned for not less than 30 nor more than 90 days or both.

## October Contracts Total \$93,228,000

Contracts for future construction in October in Maryland totaled \$93,228,000, an increase of 49 per cent compared to October 1958, according to F. W. Dodge Corporation.

A breakdown of contracts in October, compared to the corresponding 1958 month, showed non-residential at \$27,172,000, up 58 per cent; residential at \$29,185,000, down four per cent; and heavy engineering at \$36,871,000, up substantially.

## Optimists To Meet

The Optimist Club of Cumberland will hold its regular dinner meeting Wednesday at 6:15 p.m. at Central YMCA.

On Saturday night the club will receive new members in a ceremony at the Clary Club, in which the Opti-Mrs. Club will take part.

## Neon Sign Burned

Central Fire Company answered an alarm at 10 p.m. yesterday at Thompson's Buick Garage, 419 North Mechanic Street. They reported a neon sign there had caught fire. The firemen returned to the station after 20 minutes.

## Births

Mr. and Mrs. Phillip T. Christ Jr., Schenectady, N.Y., announce the birth of a son in St. Clair Hospital there last Thursday. The mother is the former Miss Barbara Martin, daughter of Mr. and Mrs. James Martin, 513 Oldtown Road. The father is a son of Mr. and Mrs. Phillip T. Christ Sr., 611 Sedgwick Street.

## Memorial Hospital

Mr. and Mrs. John C. Cessna, Route 3, Hazen Road, a daughter yesterday.

Mr. and Mrs. Charles F. Seitz, 514 Washington Street, a daughter yesterday.

Mr. and Mrs. Lewis Nau, 107 Shaw's Place, a son Saturday.

Mr. and Mrs. James E. Ward Jr., RD 2, Frostburg, a son Saturday.

Mr. and Mrs. John W. Harclerode, Route 3, Valley Road, a daughter Friday.

Mr. and Mrs. William M. Goldsborough, Route 3, Valley Road, a daughter Thursday.

Mr. and Mrs. John W. Kennell, Ellerslie, a daughter Thursday.

## Area Firemen Make Plans For 1960 Conclave

### Association Will Sponsor Circus

Officials of the Allegany-Garrett Volunteer Firemen's Association were told yesterday that plans are progressing for the annual convention planned at Deer Park early next June.

The progress report was given by George Comp, Deer Park, at an association meeting held in Luke.

William Smith Jr., of Luke, president, was in charge of the meeting attended by representatives of 20 companies. Four top officers and eight past presidents attended.

### Dedicate Truck

Ivan Wilson, Midland, gave a report on the dedication of a new fire truck at Friendsville recently. Cromwell Zembower, LaVale, was top speaker at the dedication which was also attended by Alvin Rankin, Frostburg, treasurer; Felix Foote, Lonaconing, chaplain, and David E. Kirk, editor.

Mr. Zembower, who heads the Fire Prevention committee, reported that the Cumberland Fair Association has promised as much or more space for the association's booth next year than was allotted this year.

Mr. Zembower reported that plans for organizing an Advanced Firemen's Training Course will be made at a meeting today at 8 p.m. in the LaVale Fire Hall.

All Allegany County fire companies which have radio equipment have been asked to call the base station today from 1 to 1:15 p.m. in connection with Civil Defense Day.

### To Meet Jan. 10

Alvin Rankin, Frostburg, ways and means chairman, reported on the circus the association plans to sponsor in May. The committee was authorized to set the date and place for the circus.

The association endorsed the proposed Western Maryland conservation center and authorized Mr. Zembower to inform Gov. Tawes of the action.

The next meeting will be held January 10 at 2 p.m. in Cresaptown.

The Luke Volunteer Fire Company was host yesterday at a dinner session which followed the meeting.

## Deer Hunter Still Missing

Search parties failed to turn up a trace of Asa Callison, 35-year-old Elkins, W. Va., deer hunter who has been missing since Friday.

The body is at the Newman Funeral Home, Grantsville. Funeral services will be held Tuesday at 2:30 p.m. in Mt. Zion Methodist Church. Rev. Emory McGraw, pastor, will officiate and burial will be in the church cemetery, with military rites by Grantsville Post 214, American Legion.

A violation of these new sections shall constitute a misdemeanor and any person convicted thereof before a trial magistrate shall be fined not less than \$10 nor more than \$500 or imprisoned for not less than 30 nor more than 90 days or both.

Another section makes it lawful for any forest officer, when dressed in uniform, or any peace officer or state policeman of Maryland to stop any truck transporting evergreens but not engaged in interstate commerce. These law enforcement officers may require the driver to produce the bill of sale or identification of ownership required.

A violation of these new sections shall constitute a misdemeanor and any person convicted thereof before a trial magistrate shall be fined not less than \$10 nor more than \$500 or imprisoned for not less than 30 nor more than 90 days or both.

When the dragging operations failed to reveal any new leads the searchers turned to the near-by woodlands. They will return there today.

Sheriff's deputies, conservation officers and troopers are leading the volunteers in the search for the Western Maryland Railway worker who is missing and the father of two children.

The club will hold its December board of directors' meeting Thursday at 7:30 p.m. at the YMCA. Plans are being completed for the New Year's program at the ladies luncheon meeting Wednesday, December 30.

## Admitted To Hospital

Joseph H. Reinhart Jr., 551 Arnett Terrace, local furniture store proprietor, is a medical patient at Sacred Heart Hospital.

The Optimist Club of Bedford Road will hold ladies night at its dinner meeting tomorrow night at Bedford Road Fire Hall, Great Lakes, Ill.

## In Recruit Training

Emil J. Parker, son of Mr. and Mrs. Joseph A. Parker, 414 Lee Street, will graduate from recruit training Friday at the Naval Training Center, Great Lakes, Ill.

## Boosters To Meet

The Ridgeley High School Boosters Club will meet today at 7:30 p.m. at the school. Committee reports will be presented and plans made for the next fund raising project.
